UPDATES IN OTOLARYNGOLOGY SYMPOSIUM

The 11th Annual ENT in the Desert Symposium offers practicing otolaryngologists lectures and interactive panels focused on general topics of Head and Neck Surgery, Laryngology, Otology, Pediatrics, Rhinology/Allergy and Facial Plastic Surgery.

Taught by internationally renowned experts, the symposium is for general otolaryngologists, residents, physician extenders and primary care physicians interested in otolaryngology. Many of the state's prominent academicians will be lecturing at this course.

EDUCATIONAL OBJECTIVES

- To manage persistent nasal airway obstruction after prior nasal procedures.
- To utilize new technologies such as artificial intelligence in the practice of otolaryngology.
- To appropriately manage refractory nasal polyposis with both medical and surgical interventions.
- To manage common upper airway complaints including chronic sore throat and dyspnea.
- To apply the latest interventional and diagnostic technologies for the management of HPV-related oropharyngeal cancer.
- To manage common pediatric ENT conditions, including hearing loss and ankyloglossia, with the most updated treatment guidelines.
- To manage chronic ear disease, applying the most updated treatment guidelines.

ACCREDITATION

The University of Arizona College of Medicine – Tucson is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
